As a foster caregiver I assume responsibility for the daily care, feeding and watering of this animal. While I foster this animal I understand that Tailwaggers NWA is still its legal owner and the animal must be returned to Tailwaggers NWA immediately upon request. Although I have no responsibility for any medical treatment, I will contact Tailwaggers NWA immediately if any treatment should be required. If this animal enters estrus during the foster period I will return the animal to Tailwaggers NWA as soon as possible. I assume responsibility for all property damage, injuries caused by the animal, and violations of animal laws during the foster period. I do not hold Tailwaggers NWA legally liable for property damages, injuries caused by the animal, and fines or fees.
